Directions to the Student Union Building:

From I-84, exit at Broadway Avenue (Exit 54) and turn north on Broadway Avenue. Go 2.5 miles until you reach University Drive. Turn left (West) onto University Avenue. The Student Union Building is located 0.4 mile on the right.

From downtown Boise, head south on 9th Street. After crossing the Boise River, turn left (East) on to University Drive. The Student Union Building is located 0.6 mile on the left.

Parking:

Free parking is available for all participants in two different permitted parking lots. The first 60 registrants will receive parking passes for the visitor lot directly behind the Student Union Building (accessed from University Dr. and Bronco Circle). The remaining registrants will receive a parking pass for the East/West Stadium Lot and Bronco Lane off of University Drive closer to Broadway Avenue. Parking at this location is about a 5-10 minute walk to the Student Union Buildina.

All registrants will receive a parking pass for one of the parking lots along with registration confirmation in the mail once registration and payment has been received. A map will be included with confirmation.

Hotel Reservations:

A block of rooms has been reserved at the following hotels:

Best Western Safari Motor Inn 1070 Grove Street Boise, Idaho 83702 (208) 344-6556 Rate: \$64/night Cut-off date: 8/14/05

The Grove Hotel 245 S. Capital Blvd. Boise, Idaho 83702 (208) 333-8000 Rate: \$94/night Cut-off date: 8/13/05

Additional Stormwater Training

Two other stormwater training opportunities are available in Boise the same week as the Getting in Step workshop:

- "Stormwater Treatment: How It Works (Or Does It?)" will be held on September 12–13, 2005 at Boise City Hall. For more information on this 2-day training, contact Dr. Gary Minton at (206) 282-1681 or mintonrpa@cs.com.
- "New Technologies in Urban Stormwater," a 1-day training, will be held on both September 16 and September 17, 2005 at Boise State University in the Student Union Building. For more information, contact Julie Quinn at (208) 388-4703 or iguinn@cityofboise.org.

Both trainings will be conducted by stormwater expert Dr. Gary Minton. Register for both training events after August 15 at www.partnersforcleanwater.org.

Getting In Step with Phase II

A Workshop for Stormwater Program Managers

Student Union Building, Boise State University Boise, ID • September 14–15, 2005

The workshop will be held on the 2nd floor of the Student Union Building at Boise State University.

Overview

New federal requirements for regulating stormwater went into effect March 10, 2003. Known as Stormwater Phase II under the National Pollutant Discharge Elimination System (NPDES) permit program, the requirements affect urban areas in municipalities nationwide that have regulated small Municipal Separate Storm Sewer Systems (MS4s). Under Phase II, MS4 communities must develop stormwater programs that address six minimum control measures.

Workshop focus

The workshop will focus on four of the minimum measures required by Phase II—Illicit Discharge Detection and Elimination (IDDE), Post-Construction Runoff Controls, Public Education and Outreach, Public Participation/ Involvement.

Day 1: Learn what it takes to develop and implement an IDDE Program. You'll hear about lab and field assessment protocols, find out what others have already done, and learn how to conduct a survey of discharges.

Day 2: Techniques for controlling post-construction runoff will be presented, including how to develop BMP maintenance and inspection programs. Also learn how to develop and conduct an effective public outreach and involvement program. You'll learn the six basic outreach steps, how to develop effective materials, and how to involve the public in your community. Course instructors have conducted more than 80 workshops across the country, and they know what works!

Who should attend?

The workshop is open to state, regional, and local officials and program managers responsible for developing Stormwater Phase II Programs. Registration priority will be given to state and local stormwater program managers.

Draft Agenda

Wednes	sday, September 14
8:00	Registration and Continental Breakfast
8:15 – 8:45	Overview of the Phase II Program (OPTIONAL INTRODUCTORY PRESENTATION FOR NEWCOMERS TO PHASE II)
	Nikos Singelis, U.S. EPA Headquarters
9:00 – 9:15	Opening Remarks/Introductions Misha Vakoc, U.S. EPA Region 10 Nikos Singelis, U.S. EPA Headquarters
	Rick Huddleston, Idaho Department of Environmental Quality
9:15 – 10:15	Illicit Discharge Detection and Elimination (IDDE): Introduction and Lessons Learned from Phase I Jennifer Zielinski, Center for Watershed Protection
10:15 - 10:30	,
	Programmatic Considerations for IDDE Jennifer Zielinski, Center for Watershed Protection
	Case Study on IDDE Rachel Lawrence, Ada County Highway District
	Hosted Lunch
1:30 – 2:45	Field and Laboratory Assessment Protocols Jennifer Zielinski, Center for Watershed Protection
2:45 – 3:00	Break
3:00 – 4:00	Phase II Program Evaluation and Reporting Barry Tonning, Tetra Tech
4:00 – 4:30	Q&A
	ay, September 15
7:15	Full Breakfast Buffet
8:00 – 9:00	Post Construction Runoff Control: Basic Program Requirements Nikos Singelis, U.S. EPA Headquarters
9:00 – 10:00	Discussion Session on Post Construction Barry Tonning, Tetra Tech
9:00 – 9:30	Case Study on Post Construction Runoff Johanna M. Bell, City of Boise
9:30 – 10:30	Post-construction BMP Maintenance and Inspection Programs
40.00 40.45	Barry Tonning, Tetra Tech
10:30 - 10:45	
10:45 - 12:00	Building Blocks for Effective Storm Water Education and Outreach Ansu John, Tetra Tech
12:00 - 1:30	Hosted Lunch
1:30 – 2:00	Engaging and Involving Key Stakeholders and the Public In Your Program
2.00 2.20	Nikos Singelis, U.S. EPA Headquarters
2:00 – 2:30	Water Issues in Idaho Bob Mahler, University of Idaho
2:30 – 3:00	What It Takes to Change Behavior Melissa DeSantis, Tetra Tech
3:00 - 3:15	Break

The Good, The Bad, and the Ugly: Creating Outreach
